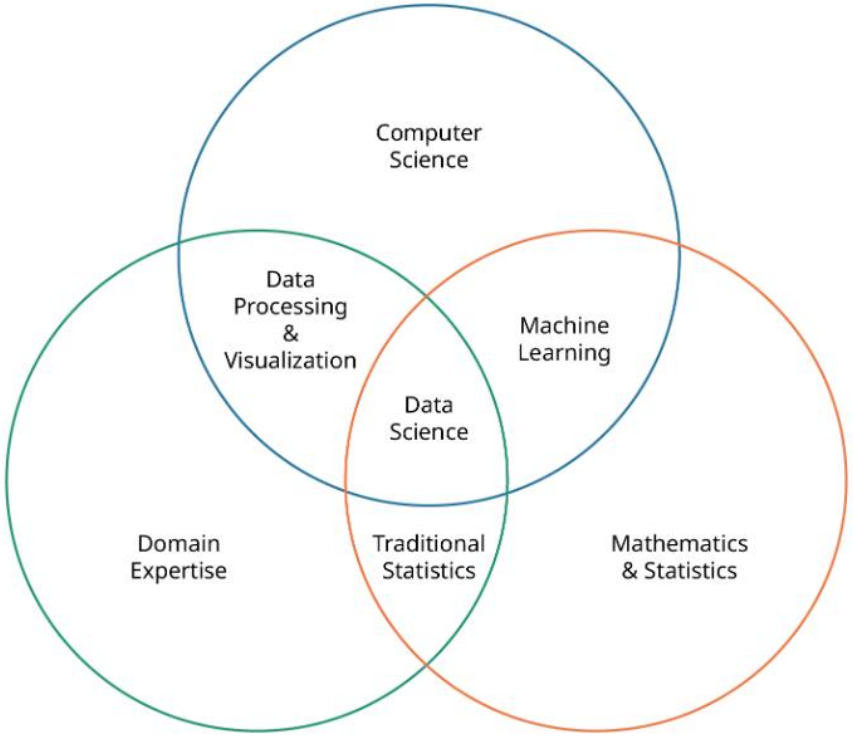
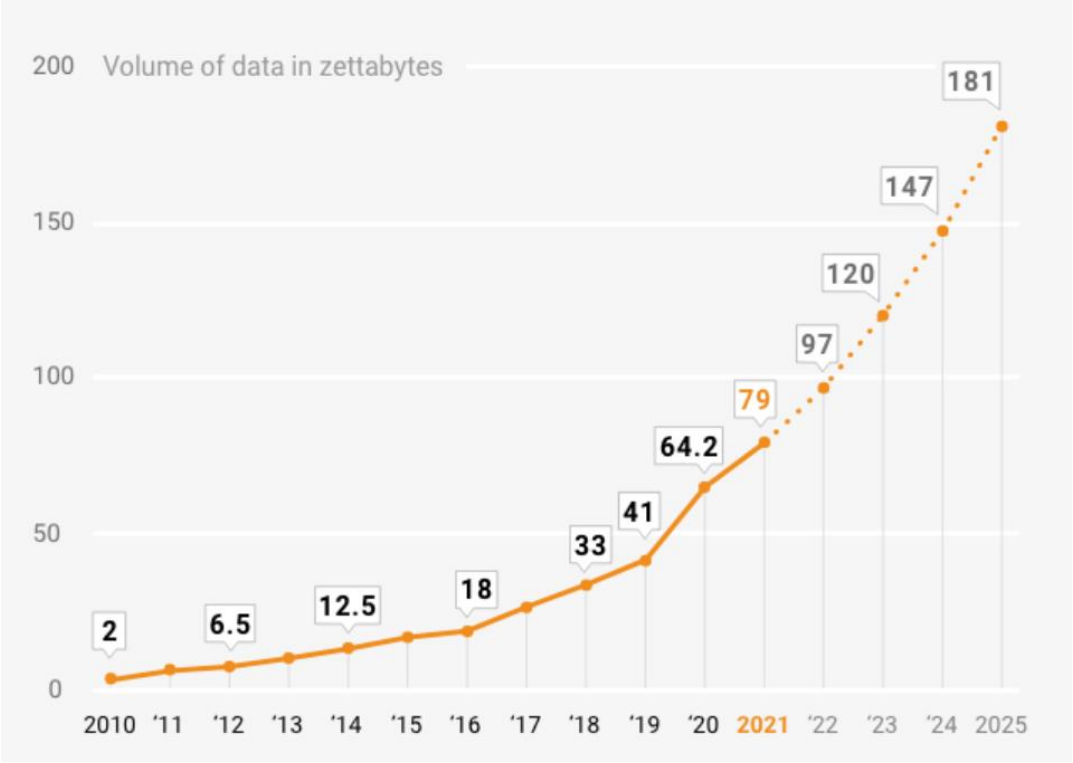
# What is Data Science?



Data Science is a new interdisciplinary subject



Source: Statista.com

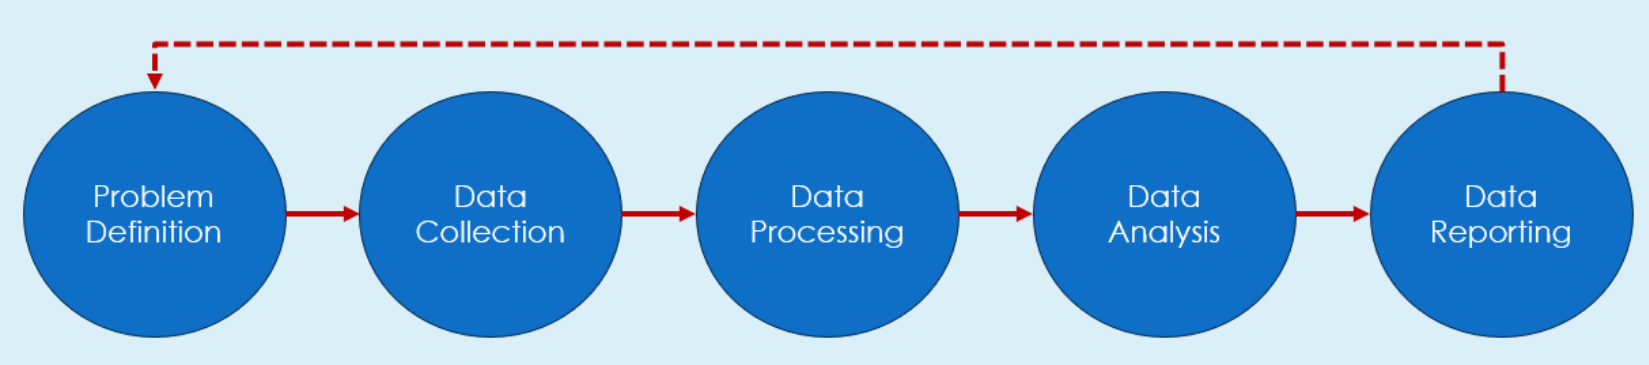
Data Science has evolved due to the huge amount of data we now generate and store – about $10^{23}$ bytes in 2025

# DAT1001
# Introduction to Data Science

**Fall 2026: MW 11:00am – 12:15pm in CNF 212**

**Topics include:**

- Types of data: numerical data, audiovisual data, language data
- Data sources: Remote sensors, files, web scraping, APIs and more
- Processing data, including getting data ready for machine learning
- Analyzing data, linear regression, machine learning to classify data
- Summarizing and reporting findings, visualizing data

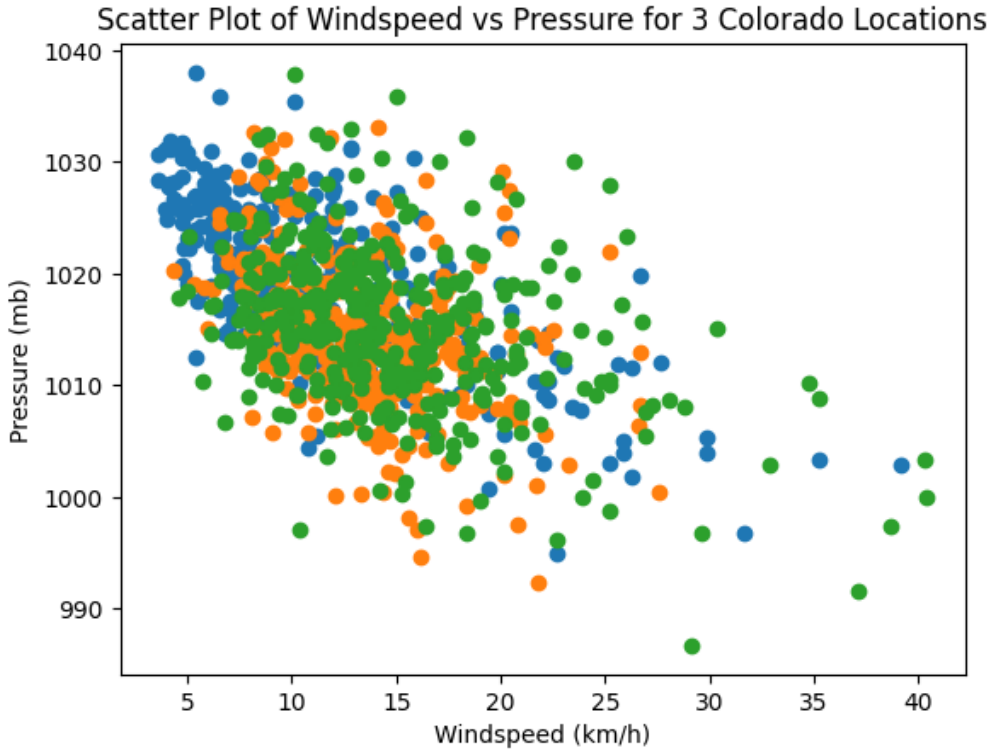


# DAT 2002
# Visualizing Data

**Fall 2026: TR 11:00am – 12:15pm in CNF 212**

**Topics include:**

- Creating a variety of static, dynamic and interactive visualizations using software tools.
  - Numerical data
  - Text analysis
  - Map visualization
  - Web-based
- Analyzing visualizations to identify patterns, make decisions, and draw conclusions.
- Using visualizations to convey a message and tell a story.



# Why take DAT 1001/2002?

- No prerequisites
- Hands-on, project-based courses
- Good option for students looking for an introduction to machine learning
- Help to develop practical skills for employment

**Careers as a data scientist**

- Median salary $108,000
- Jobs in data science projected to grow 36% from 2023 to 2033
- Colorado a leading state for data science employment

**Four-year degrees with a focus on data science at:**

- CU Denver, CU Boulder, MSU, CSU, UNC, School of Mines

# Who can take these?

- Available as **open electives** for many programs including those listed below
- Recommended option for students on Math DwD program
- Check with advisor to see if these are an option in your program

| | | | |
|---|---|---|---|
| Mathematics DwD | Physics DwD | Biology DwD | Civil Engineering (CU/MSU Xfer) |
| Geology DwD | Env. Science (MSU Xfer) | Business DwD | Economics DwD |
| Associate of Science | Associate of Arts | Mech Engineering (CU/MSU Xfer) | Philosophy DwD |
| Associate of General Studies | Anthropology DwD | Elec Engineering (CU/MSU Xfer) | Computer Science DwD |
